Nantucket, Mass
June 10th 1881

My dear Mr. Lippincott.—

Your letter was
forwarded to me here, but
never "off the island" when
it came, and did not receive
it until a few days ago.
I am delighted to congratulate
you on the happy event of
Oh. you wrote. I wish I might
avail myself of your kind
invitation, that I might render
my congratulations in person
& have the pleasure of making

the acquaintance of Mrs Lippincott.
We speak of you very often, and
of your beautiful & gentle courtesy to us all at Clifton: you won
us all and thus made your happiness
our own in a larger measure
than you know.

I was very sorry not to
find you when I was in
Philadelphia; it was one of the
things I specially counted on.
But the world is not wide, we
are neither of us fixed mortals,
and perhaps the good angels that
guide & guard our lives will
draw us near to gether somewhere.

Or send this a prompt, quiet

as fleece with white hearts,
air. My "little Stefanie"
n health - and Evening Hub
Stormy Summer. She says -
I shd to look bride & groom,
-fabulations" That is Rachel
For knows her well enough
heavy it is. Her eyes look
Eukie Stimmer, and if you
an hour now & then on Sk
hear from Ben;
Ask One thank
DSI

all the information you
have given me regarding
the early history of the Anti-
Slavery movement in this County.
I find not a little material for
study in that line, in the history
of this old town.

Would that I knew how to
write a befitting Epithalamium
for you — but alas I can
only, with all the loyal service
of friendship & repeat my food
wishes & remain —

As Ever —

Yours Truly Faithfully

Wm. M. F. Round

DSI

230 HENRY, JOSEPH. American physicist; instituted weather reports; first secretary of Smithsonian Institution. Two LS, 3pp. 4to in all, 1863-64. To Jas. S. Lippincott, sending reports of the Smithsonian, including "the volume of meteorlogical reductions." With ALS, 4pp. 8vo, 1881, of Amer. author, WILLIAM M. F. ROUND, to Lippincott. 3 items. ..... HAMILTON-63 ..... 20.00

Asking for a photo of a Harlem church. 5.00
